## **IDEAS FOR SELLING:**

In order to be a good salesperson, you need to have great communication skills. Here are a few tips:

1. Be sure to tell customers that the fruit will arrive before the holidays and would make a great gift!
2. Donations are always accepted! Have an envelope ready for donation money/checks (\$10 = item on the prize list)
3. Write a script to use for selling.
4. Write an information letter to attach to your unique selling code if your parents are helping you by taking it to their workplace. The letter should include who you are, who you are selling for, why you are selling, and how it will help the program.

All fruit is hand-packed locally. Fruit quality and price is dependent upon the weather in Florida, Washington, and New York. It can vary from year to year. Over the last 17 years, we have had very few problems. Many former band parents still call and order from us each year.
